

**Learning mobility for mutual benefit:
Perspectives of sending institutions in South and North**

This workshop takes place within the frame of the EU-funded project LEMONOC. It brings together experts and stakeholders in student mobility, exchange programmes and joint study programmes to discuss the potential and challenges of learning mobility between the 'Global South' and the 'Global North'. The focus will be on the requirements concerning partnerships and the institutional setup for successful learning mobility to the benefit of both sides. The presentations will address the expectations and challenges, institutional processes and organizational enablers, as well as good practices and lessons learned from the perspective of sending institutions. The workshop offers a platform to share experiences and ideas. International experts and stakeholders in learning mobility from a wide range of higher education institutions will discuss current trends and good practices.
